Extension of the Florida East Coast Railroad from Okeechobee to Canal Point and Pahokee will be another and strong tie between the City at the head of the Lake and the people on the Eastern Shore. Inauguration of Passenger and Express service is expected about the first of July. Telegraph service is already in effect, and a direct Mail service will follow shortly.

The Merchants and Professional People of Okeechobee would like to extend the Trade Territory of their town and add to the number of their customers and clients in all professional lines. Okeechobee is a complete city, where all of the wants of people in its trade territory can be met. It is a growing city. Its new-comers have joined with the old residents to continue and increase Okeechobee's growth. Its views with pleasure the growth of the communities on the eastern shore of the lake, and in the future as in the past, "East Beach" will find Okeechobee'its good friend. We want the people on the eastern shore of the lake to think well of Okeechobee and speak well of it, in order that the whole Lake Okeechobee region may go forward together.

The undersigned firms join in this Greeting to East Beach and invite the people of Canal Point, Bacoms-Point, St. Lucie Canal and Okeechobee Shores to come here for such merchandise and services as cannot be procured in their home communities.
